ROOSEVELT AND HARMON WIN VICTORY IN BUCKEYE STATE

BECKER TRIUMPHS OVER THE MACHINE FOR PROBATE JUDGE

Fisher, Graham and Huffer Nominated For Commissioners--Close Races Between Some of Other Candidates.

With former Mayor Fred C. Becker, the acknowledged anti-machine county candidate against who the democratic machine directed its most concentrated efforts, as the man to test the strength of the present county organization, the anti--machine forces of the city and county swept the platter with an overwhelming vote at yesterday's primaries. Becker is the democratic nominee for probate judge with a vote that may equal that of both of his opponents combined. The result of this race was exactly as had been predicted by the News—Becker winning, with Everett second and Fess third. Everett was not as close a second as was expected, his vote exceeding that of the third place candidate by only a small margin. The vote cast for both Becker and Fess is regarded as an anti-machine expression of the democracy of the county and it is so overwhelming that there is no question as to the sentiment now prevailing against the present organization throughout the county. Becker is believed to have carried practically every precinct in the city and county.

Dan Bowsher is a sure winner for the county clerkship nomination, winning by a decisive vote over his one opponent, Frank Eaton. The race between John K. Brice and Edgar Smith for the nomination for county surveyor is a close one and at the hour of this writing there were still fourteen precincts to be heard from with Mr Brice holding a lead of about 150 votes

The races between Dr Hibbard and Dr Curtiss, for the nomination for coroner, is also a close one and the result cannot be announced until all the precincts are heard from With fourteen precincts still out at mid-night, Dr Curtiss had a slight margin of votes in the majority.

The result of the commissioner race seems destined to be exactly as was predicted by The News, Fisher, Huffer and Graham will be the nominees and Keller, the Monroe township candidate, is the one left at the post

The surprise of the day in democratic circles was the magnificent race made by candidate Tussing, for county treasurer Mr Tussing came into the contest an almost unknown quantity and made a wonderful run against the well known Leonard Walther whom he had as his opponent. At the hour of this writing this contest is in doubt, with the prevailing margin in Mr Tussing's favor His position on the ballot gave him a decided advantage but there is no discrediting the surprisingly wonderful race he made against a candidate who is well known and highly esteemed in every nook and corner of the county Complete returns will also be necessary to decide the contest in which these two candidates figured

FORAKER IS AFIRE

(By United Press.)

Kenton, O., May 22.—A bad fire is raging at Forsker, a village seven miles west of here, and the whole town is threatened.

The Methodist church and other buildings have burned and others are afire.

A high wind is fanning the flames. The villagers are frantically calling for aid but it is impossible to send any from Kenton.

"HOPELESS TO TRY TO BEAT US AT CHICAGO," HE DECLARES.

By United Press.

Oyster Bay, N. Y, May 22—"The result in Ohio has settled the contest," said Theodore Roosevelt at Sagamore Hill today when he was assured that he had carried all but ten Ohio districts.

"Naturally I am very much pleased with the impulsive judgment of Ohio," he continued.

"Seriously, I can only repeat what I already have said, that I intinitely prefer the deliberate judgment of the people to their impulsive judgement.

"In Ohio we got the deliberate judgment and as I have also said if I had to make a choice I would choose the impulsive judgment of the people rather than the deliberate judgment of the bosses.

"The result in Ohio has settled the contest I believe we could have won without Ohio Our opponents needed the substantially solid vote of Ohio in order to give them even a chance to make a contest at the convention The victory in Ohio means that it will be hopeless to try to beat us at Chicago by unseating our delegates who represent the popular will in Washington, Indiana, Kentucky and elsewhere, nor will it be possible for them to win by seating delegates from the southern states, representing nothing whatever but fraud

"I am profoundly appreciative of what the people of Ohio have done It represents a victory not only for the plain people of the Republican party but for every good citizen in the United States for in this contest we have stood for the fundamental rights of good citizenship, and every honest or decent citizen, no matter what his politics, is profoundly concerned with our victory because we are fighting his battle"

GRAND OLD PARTY DEALS PRESIDENT STUNNING BLOW

Wilson Gets Big Majority in Cleveland and Toledo But Harmon Holds Strong in Rural Districts and Small Towns.

Northern Part of State Swept By Roosevelt--Result Is Taken Upon Its Face As the Ultimate End of Presidential Race.

IN A NUTSHELL.

By United Press

Columbus, O, May 23.—Returns, which were still very incomplete early this afternoon, confirm the early reports of a Roosevelt landslide in Ohio. They indicate that the Colonel will have at least 31 of the 42 district delegates in the state.

In the Democratic Presidential preference contest, the late returns increase give Harmon's lead over Governor Wilson, of New Jersey The returns by districts, which are available this afternoon indicate the election of Roosevelt delegates in the fifth, sixth, eighth, ninth, tenth, eleventh, twelfth, fourteenth, sixteenth, seventeenth, eighteenth, nineteenth, twentieth and twenty-first districts, and show that the Colonel broke even with President Taft in the third, fourth and fifteenth districts In these, each candidate elected one delegate

(By United Press)

Columbus, O., May 22.—

With Colonel Roosevelt and Gov. Harmon the winner in the Ohio primaries yesterday interest today centered in the final returns which will show the exact extent of their victories, Roosevelt managers today would not concede that Taft had carried more than three districts—the first, second and third—but the chances are the President will get one and possibly more. This would give Roosevelt a minimum of 32 and Taft a maximum of ten district delegates.

Harmon carried the state in the Presidential preference vote by a plurality roughly estimated at 15,000 over Governor Wilson of New Jersey, but the latter appears to have captured a number of district delegates. Wilson managers claim at least nine with two others doubtful. The Harmon managers won't concede over five districts to Wilson.

Harmon's presidential victory gives him the six delegates at large from Ohio, who will be named at the state convention June 4 and 5.

The Republican state convention in Columbus June 3 and 4 will select the Republican "Bix Six." Walter Brown, the victorious Roosevelt manager said:

"While the Roosevelt men have made no fight for delegates to the state convention, we expect the state convention to follow the results in the district primaries. This means that six delegates at large instructed for Roosevelt will be selected"

Chairman Laylin, Taft manager said the Taft forces would control the state convention and send six Taft men as delegates at large. This will probably open another fight between Roosevelt and Taft,

Latest returns indicate that Harmon delegates were elected in the first, second, fifth, eleventh, twelfth, thirteenth, fourteenth, fifteenth, sixteenth and eighteenth districts, giving him 20 delegates, exclusive of the six at large.

Wilson appeared to be winner in the third, fourth, eighth, ninth, tenth, seventeenth, nineteenth, twentieth and twenty-first, giving him a total of 18 delegates.

Both sides are claiming the sixth and seventh, but returns favor the Harmon candidates.

All sides agree that final figures on the different districts may upset the calculations of both sides.

The returns are very slow in coming in owing to the large number of candidates for local offices in the counties

Many of the claims by the Wilson and Harmon managers are based on incomplete returns from a few counties in each district.

The Wilson men claim the two delegates in the third, E. W Hanley, of Dayton and Edward Schngen, of Hamilton. These men had no opposition and were not pledged either Harmon or Wilson. Their sympathies are with Wilson, it is said

Vallee Harold and M. F. Merriman, elected in the tenth, are classed as supporters of Speaker Clark, but are expected to give Harmon their votes on the first ballot.

Senator LaFollette failed to capture a delegate in Ohio. He entered the contest only in the ninth, twelfth, twentieth and twenty-first districts containing Columbus, Toledo and Cleveland.

An interesting feature of the results is LaFollette's strength in the twentieth, comprising one half of Cleveland, where he rad ahead of Taft. This was true in Medina and Lake Counties and in the country districts outside of Cleveland.

BROWN PLEASED

Says Teddy Will Be Named On First Ballot.

Columbus, O., May 22.—"Roosevelt will be nominated on the first ballot at Chicago," said Walter F. Brown, the Roosevelt manager for Ohio, here today.

"There is every evidence that Taft is impossible, and that evidence is contained in the vote of yesterday in Ohio which was a victory for the progressive cause.

Brown takes no stock in the theory that a dark horse will be named at Chicago. "No other reactionary will be acceptable to the people who have voted against Taft. The nominee will be a progressive. Of course, the most conspicuous progressive today is Roosevelt.

"With at least 30 votes from Ohio, Roosevelt will have enough votes to nominate him without getting a single vote from New Jersey or South Dakota."

Taft is Silent.

Washington, May 22.—With his smile still working expensively, and apparently untired, despite his arduous Ohio campaign, President Taft arrived in Washington shortly after 9 o'clock today

He left at once for the White House and it was believed that he would deny himself to callers so as to rest up and prepare for his New Jersey campaign, beginning tomorrow.

BADLY HURT

Charles Lokey Run Over By Tram Car at Stone Quarry.

Charles Lokey, 22, had his right arm broken, mid-way between the wrist and elbow at the Goetschius stone quarry Tuesday morning, noe of the small bars used to convey stone from the quarry to dump ran over him. The accident occured about 10:30.

He also received minor injuries, mainly bruises. Mr. Lokey's home is in Virginia. He boards at the large house near the quarry on the same lot, and it is here that he is being cared for. Dr. O. E. Chenowith, who was called in the case, believes however, that he will be able to save the arm.

MUNSEY DENIES IT.

New York, May 21.—Replying to a published statement to the effect that he had been offered the Ambassadorship to the court of St. James, in the event of Roosevelt's election, Frank A. Munsey, the publisher today said: "There is not a word of truth or shading of truth in it. Mr. Roosevelt has never offered me anything and I have never asked anything of him. I do not want anything."

Why Don't Someone Tell Her About That Dreadful Odor of Perspiration"

Why don't some friend tell her to use Nico—the deodorant Toilet Powder? It's easy and simple.

Forawhile her friends suffered in silence, and then began regularly to shun her, for there is something in an offensive smell that will not only break up friendships. It will break up homes.

Nico (pronounced Ny-ko) is a truly wonderful preparation only recently discovered. It positively is the only thing known that absolutely does away with all offensive body odors. Sprinkled in the arm pits, on the feet or other portions of the body, it destroys every bit of odor immediately, and replaces it with a delicate, cleanly fragrance. The body smells as sweet and fresh as can be, and Nico makes one feel like a thoroughbred from head to foot. There is nothing in the world like Nico.

If you are a woman you need Nico.
If you are a man you want Nico.
If you are a baby you are grateful for Nico.
If you are an old person you bless Nico.

HARMON MEN ARE WINNERS IN OLD ALLEN

MACKENZIE AND BARNES CARRY THE COUNTY WITH DECISIVE VOTES FOR HARMON.

Allen county has signified its preference for Theodore Roosevelt for the Republican standard bearer, and with a lesser voice names Judson Harmon as its choice for the nomination of Democracy for the presidential race of 1912.

The vote throughout the county was light, barely totalling forty per cent of the strength of the two parties. The Roosevelt-Taft fight overshadowed the democratic primaries and the returns from the actual presidential preferential vote between Harmon and Wilson fell into the discards through slowness of the precincts in reporting this vote. While Roosevelt is chosen by approximately 400, and the delegates, Pence and Jones, thereby approved, returns at midnight indicate that the vote in the Fourth district will be very close, with Darke county favoring Taft; Auglaize slightly for Taft and Darke and Mercer probably for Roosevelt.

As evidence of the strong Roosevelt sentiment in some districts comes the returns from the precinct of Hon. Jas. W. Halfhill, on the west side, where Carl Rowlands defeated the popular attorney and constitutional convention delegate by three votes in the race for committeeman. Dr. Pence also carried his precinct as candidate for Roosevelt delegate, over W. L. Farmenter, local candidate as Taft delegate to the national convention. At midnight the returns from forty-eight precincts in the county gave the Roosevelt candidates for delegates a margin of a fraction of over four hundred votes over the Taft candidates.

In the Harmon-Wilson contest, Hon. W. L. MacKenzie, of Allen county, as a Harmon candidate for delegate to the Baltimore convention, received a magnificent vote against the odds of having no organization and having the democratic machine leaders working for the Bryan-Wilson cause. Mr. MacKenzie will carry Allen county with a handsome majority and his running mate, Jos. D. Barnes, of Shelby county, while not receiving as large a vote as the Lima man, will doubtless carry the county by a safe margin.

ORPHEUM THEATRE.

The Orpheum Theatre never had an attraction that appeals to everyone so much as the current attraction at this popular play house namely the Lewis and Oliver players, supporting Mr. Jack Lewis. The first week of the return engagement of this popular stock company's business was phenomenal and this week the indications are that the crowds of last week will be small in comparison to what they will be this week. In a Woman's Power" is a play that pleases everyone. The company does unusually good work. The scenery is elaborate. The costuming magnificent. It will continue the first half of the week and "The Eye Witness" will be presented the last half of the week. Daily 10 cent matinees are given and are very popular. Not even the President of the United States and the only living ex-president could stop the people from coming when they were here last week and the night performances are unusually well attended, which goes to prove the popularity of Mr. Lewis and his clever company.

STOGIES' NINTH INNING RALLY CAME TOO TARDILY

BAKER SWATTED EFFECTIVELY

(By L. N. Prince.)

An avalanche of safe blows; independability in the pinches and ragged support, cost Cyrus Baker, of Cuyahoga county, yesterday's game in behalf of the Lima Stogies. These Chesty Chillicotheans manned and trailed by their doughty boss, Mr. Ray Ryan, and back at their normal strength with the return of Harry Hammond to the game, waded into Baker's intended puzzlers and slammed the Goldsmith pare, aft and everywhere. Coupled with his ineffectiveness was his lack of control, and back of it all was the poor support accorded him by his pals who spoiled a quartet of miscues at inopportune times.

At that, those scintillating Stogies hurtled consternation down the spines of Mr. Ryan, the protester, in the ninth when they came to the pore with a rush and biffed a trio of counts across the pan. J. Wesley Hornung faced the determined Beebe at the start of the ninth with an aggressive look stamped upon his features. Biff! And the sphere sailed to right for a single Frankie Friend broke in for Baker at this juncture and got credit for a solid blow to second. To cap the climax, Burkie strolled congesting the bases Then with three on, the main squeeze, Mr. Wrigley pushed a solid belt to center, and Hornung and Friend raced across.

Hobbs was caressed on the shoulder and the sacks were again clogged. Hope rose to a maximum height when Frankie Nesser strode up to the platter. The Captain couldn't deliver the implored hit, but he did the next best thing. He slammed a long sacrifice to right. Unfortunately, Smoky had misjudged the ball as a hit and as a consequence Bell's throw nipped him off first Still hope was maintained when Harry Daubert increased Mr. Beebe's apparent fiasco by scratching to right. With two, however, the well-meaning Chicken couldn't deliver the necessary blow and succumbed to Beebe's prowess as a whiffer.

In the very first chapter, the home guard made their other two counters.

Jimmie Burke inaugurated the game with a leisurely stroll. Wrigley stunned the opposition by belting a beautiful double to deep right-center and Jimmie registered. Hobbs went out Corwin to McCall. On the next play Wrigley executed a heady play. Nesser grounded to Beebe who hurled the pill to the far corner, catching the boss off his guard. Then, with the captain tearing around the sacks like all fury, Zeke kept the opposition going between third and home being finally tagged out after Nesser had reached third. A wild pitch scored him.

Kelley's triple and Wrigley's muff scored the center fielder in the first. Bell's double and Eisel's single counted No. 2. In the third, two more were registered for the visitors. With two shunted past the boards, Corwin singled, Bell walked and Ryan lambasted to center for a couple scoring his two hirelings.

The Infants loitered until the seventh. Corwin's double, and singles by Eisel, Beebe and Hammond scored two. In the eighth, Baker's boot to Kelley's bounder, McCall's walk and Bell's sacrifice fly scored the seventh. No. 8 came in the ninth. Hammond's double and Kelley's long sacrifice fly were responsible.

Well, what's the use. We can't win 'em all.

Claims Kilbane---Walsh Fight Has Been Fixed

Boston May 22.—There was a wide difference in expression of opinion today among sporting writers and fight fans regarding the draw decision of Referee Maffatt Flaherty in the Johnny Kilbane-Jimmy Walsh ten round bout given last night under the auspices of the Pilgrim A A, at the arena One sporting writer made the flat charge that the fighters probably arranged before the bout that they would fight to a draw. Kilbane today carries a terribly battered eye, while Walsh was practically unmarked.

Mayor Fitzgerald of Boston, and a score of legislators witnessed the match. Both men were fast, but showed little punch.

Cy Young, the grand old man of baseball, who started his diamond career over 20 years ago, will probably figure in the box scores with the Boston Nationals again He has been ordered to report to Manager Johnny Kling at Pittsburg and probably will work in one of the games against the Pirates, who have always been easy prey for the veteran.

Cy was in fine shape during the early part of the spring training season but caught cold shortly before the National schedule began He was forced to leave the team and has not participated in a major league game this season. He has been pitching independent ball with the Amherst Grays The order to report to Kling followed a telegram by Young that he was again in shape to work

COBB FRAMES AN AFFIDAVIT

By United Press.

Washington, May 22.—With league President Johnson's decision to dispose of the Cobb case speedily and the assurances given the Detroit players by Presidetn Navin that he would "square" himself for their fines of $100 each for striking the situation was greatly relieved today. Under the rules the individual players have to pay their fines, but owner Navin admitted that he practically promised to present each man with $100.

"Ty" Cobb was working today on his affidavit as to his side of the controversy, a document requested by Johnson It is the prevailing opinion among the players here that rowdyism has been given a body blow by the strike trouble and that the club owners have a wholesome respect for the player's determination to fight for fair treatment from magnates and spectators.

ANTI-MACHINE FORCES CLAIM DAY'S VICTORY

AND HOPE TO CONTROL COUNTY CONVENTION AND ALSO COMMITTEE.

The anti-machine forces of both republican and democratic parties, especially the latter, claim to have won signal victories in the results of yesterday's primaries in Lima and Allen county, in spite of the serious handicaps under which they worked, with many of their candidates being refused places on the primary ballots, through the machines protests and the action of the board of elections. The democrats claim that the victory won by Fred C. Becker, candidate for probate judge, was a significant test of the strength between the machine and the anti-machine forces. The anti-machine men had forty-two candidates whose nomination petitions had been thrown out and although the voters were requested to write names on the tickets, the handicap was too much to overcome in several precincts and candidates whom the machine will lay claim to won out. This was not true however, in all of the precincts where the lead pencils were used. Judge J. N. Hutchinson, R. B. Tolan, Walter J. Richie and a number of other candidates whose nomination petitions had been rejected, were elected nothwithstanding the handicap. Thomas A. Collins, Lewis Hunter, George Feltz, Peter C. Beck and Leo Christian, who had many ballots cast on which their names were written, failed in their efforts to win because they could not overcome the handicap. In Leo Christen's precinct a sufficient number of voters wrote his name on the ticket but several of them neglected to pencil an "X" at the left of his name after they had written it in and consequently their votes were not counted. Mr. Christen was defeated then by only two votes. Many voters made similar mistakes in the other precincts mentioned.

Complete returns will be solw in coming in on the results of the organization contests but the anti-machine democrats are claiming that the machine will lose control of both the county central committee and the county convention which is to be held Saturday. Two supposed machine committeemen who were elected, announced last night that they were through with the machine and would support the anti-machine program.

LEADERS SAY ROOT MAY BE "DARK HORSE"

ELIHU ROOT.

Chicago, Ill., May 22.—United States Senator Elihu Root, of New York, who has been officially selected as temporary Chairman of the Republican National Convention has loomed up as an available "dark horse" possibility for the presidential nomination.

Taft men declare with a showing of confidence that the Roosevelt men will not attempt to oppose Senator Root for temporary Chairman. They argue the former President will not have any ground to rest a cause upon in view of the close personal friendship that exists between Colonel Roosevelt and Senator Root, although the New York Senator is an avowed champion of President Taft in the latter battle for renomination.

Senator Root was also temporary Chairman of the 1904 convention in Chicago, at which Colonel Roosevelt was nominated. He sounded the "keynote" for that assemblage, and it is the same Root, the politicians assert, who will "keynote" at the Coliseum on June 18. He is still the personal friend of Roosevelt, they say.

He is looked upon by Republican party leaders, who are fearful of what they term the "new Roosevelt radicalism," as representing the antithesis of Roosevelt's recall propaganda. It is this, the old timers declare, that will split the Republican party in the impending national contest if Col. Roosevelt is nominated. For relief from this situation they are turning to Root, whose so-called judicial mind, they contend, will sway the convention from the recall idea.

The naming of Root is taken to mean the Taft or conservative forces intend to battle hard against the nomination of Roosevelt, despite the result of the Ohio primary.

LOCALS TO RACE.

Invitations have been received by the members of the Lima Motorcycle Club to enter the races at Bowling Green on June 29. A number of prizes will be awarded and some interesting contests are scheduled. It is expected that several crack riders from Lima will be in attendance.

POLICE THINK CLAIRE CROOK

In Frank Claire, 41, a Frenchman, arrested at an early hour today by Patrolman Harrison, police believe they have picked up a clever crook who has made a rich haul somewhere in this part of the state. When arrested, Claire had in his possession twelve pair of $3.00 Standard Quality shoes and was attempting to dispose of them to a south Main street cobbler A dispute over the price to be paid for the purchase brought Patrolman Harrison to the scene to adjust their differences. Unable to give a coherent account of his acquirement of the shoes the man was taken into custody and is being held for investigation.

Claire hails from Toledo and informed police officials that he discovered a package containing the shoes laying along a railroad track between here and Toledo.

REFORM TICKET WINS.

Denver, Colo., May 22.—Practicaly complete returns received early today from yesterday's municipal election show that the citizens reform ticket headed by Henry J. Arnold for Mayor and Judge Ben Lindsay for Juvenile Judge has swept the city, electing every candidate by overwhelming pluralities. The pluralities of Arnold and Judge Lindsay will be at least 20,000 and their majorities over the combined votes of the Republican and Democratic candidates from 7,000 to 10,000. The citizens also swept every ward and selected every alderman.

FOURTH GIVES HARMON BOOST

Wapakoneta, May 22.—Twenty-two precincts out of 32 in Auglaize County give Harmon 961, Wilson 31 in the presidential primary. Harmon will carry the county by about 300. Harmon delegates will control the Democratic County Convention to select state delegates. Three Taft delegates and one Roosevelt delegate have probably been elected to the state convention.

National district delegates in Auglaize County are running close. Indications are one Harmon delegate and one Wilson delegate are selected, being only 50 votes apart. Also one Taft delegate and one Roosevelt delegate have carried county. For Representative Democrats have nominated George W. Holl and Republicans W. S. Stuckey.

AT ST. MARYS.

St. Marys, May 22.—St. Marys city and township gave Roosevelt candidates for national convention 141 and 143 votes; Taft candidates, 83 and 69 votes. Wilson candidates to national convention, 165 and 307; Harmon candidates, 315 and 210. Presidential preference vote: Wilson 42; Harmon 281.

DARKE COUNTY.

Greenville, O., May 22.—The first 40 out of 52 precincts in Darke county give Jones and Pence, Roosevelt candidates for delegate to the National convention the majority.

Wapakoneta, O., May 22.—The preferencial vote in Auglaize Co., complete, Harmon 1,386; Wilson 935, Harmon delegates Barnes 1,004; McKenzie 1,230, Wilson delegates, Brown 1,223, Fox 1,172.

WILL NOT WITHDRAW.

Columbus, May 22.—L. C. Laylin, Taft's manager, claims Taft has carried the first, second, third, sixth and fifteenth and possibly the thirteenth and seventeenth, a total of ten sure and a possible 14.

Laylin refused to discuss the possibility of Taft's withdrawal as a result of the Roosevelt landslide in Ohio, and dismissed the subject with this comment: "We are Ohioans and we are for Ohio."

In many quarters, however, there was much gossip that Taft will withdraw and that Senator Root, of New York will be backed by the Taft forces in the convention.

Harmon headquarters today continued to claim that Harmon had carried all but the twentieth and twenty-first districts.

Don't Eat Soap.

Every now and then you get a faint taste of soap in something you eat. That is because the pot or skillet or saucepan has been cleaned (?) with ordinary yellow soap, and it has left a trace of the rancid fat and nauseating rosin in the vessel. If Easy Task soap is used, the cooking utensils are made absolutely clean and antiseptically sterilized. Families that use Easy Task soap seldom have a doctor's bill to pay, because it drives out disease germs with the dirt. One cake of it is worth two of other sotrs.

DENTIST SUED FOR 25,000

BOWLING GREEN MAN SAYS WIFE'S AFFECTIONS WERE ALIENATED.

Philadelphia, Pa., May 22.—Edward E. Rice of Bowling Green, Ohio, who formerly lived in this city, has instituted a suit against Franklin G. Crispin, a dentist to recover $25,000 damages for the alleged alienation of the affections of Mrs. Rice, who was formerly Miss Evelyn Myers, of Knoxville, Penn.

She married Rice March 1, 1910, and came to Philadelphia to live.

Rice and his wife were living happily in Philadelphia until he went to Bowling Green to accept a position, with the understanding she was to follow later.

He sent her money twice, he claims, but she put him off, and on investigating he found she was clandestinely meeting the dentist, he says. The suit for alienation followed.

NEIGHBORHOOD ROW

Has Its Final Inning in Mayor's Court This Morning.

A neighborhood disruption on north McDonald street brought more than a score of residents of that locality into Mayor Shook's court this morning for a rehearsal of their troubles. A charge of disturbing the tranquility of the neighborhood was preferred against Celie Edwards and John Swickrath by Mrs. Hannie Conrad, who alleged that the Edwards girl was proving obnoixous to the locality with profane and indecent language.

After the mayor had heard the recital of their troubles for fully an hour this morning he concluded that a standing feud was being reenacted in the court room and dismissed all concerned. The principals were warned against further hostilities.

Aid Of Election Board Saves the Big Machine From a Complete Wreck

The returns from contests in the various precincts over the county between candidates for committeemen and delegates indicate that the democratic machine may continue to dominate the county committee and will probably dictate the program for the county convention to be held Saturday. The anti-machine forces made a gallant fight throughout the county but the handicap of having forty-two candidates whose names did not appear on the printed ballot could not be overcome. In several precincts there were enough voters who wrote the names of anti-machine candidates on the tickets to insure their election had the voters not neglected to place an "X" at the left of the names after writing them on the ballots. These votes were not counted and consequently the anti-machine men lost in several precincts by narrow margins.

There is still some doubt as to the future of the county committee however, as quite a number of those elected were not positively identified with either faction and others who have been affiliated with the machine have notified the anti-machine forces that they will cease to be dictated to by the machine.

The committeemen elected as positive anti-machine candidates were as follows:

First Ward A—H. J. Lawlor.
Second Ward D—H. S. Roach.
Second Ward E—W. J. Richie.
Third Ward B—C. H. Meckiet.
Fourth Ward A—R. B. Tolan.

BRUCE ISMAY

Personally Looked After Filling Life Boats of Titanic.

By United Press.

London, May 22.—Testifying that J. Bruce Ismay gave him explicit orders to fill the life boat of which he was in charge, with women and children, third officer John Pitman of the lost liner today was a witness in the board of trades Titanic inquiry

Pitman said that the head of the White Star line personally supervised the loading of the life boats and gave orders to the men

WELTY

LOST HIS OWN PRECINCT TO THE ANTI-MACHINE MEN.

THREE OF THE DELEGATES WERE ELECTED TO THE COUNTY CONVENTION.

Ben. F. Welty, machine candidate for congress, who created the "Big Smoke" in the primary campaign by sending scandalous letters to the democratic voters of the city and county, was not sustained by the voters of his own precinct in his pro-machine-rule-or-ruin attitude. His candidate for member of the county central committee has been elected on the face of the returns but was not elected by the will of a majority of the voters of the precinct. Leo Christen, the anti-machine candidate was not permitted to have his name printed on the primary ballot but eight more voters wrote his name on the ballots than there were voters who made an "X" at the left of the printed name of the Welty candidate. Mr. Christen lost the precinct because all of the voters who wrote his name on the ballots did not mark an "X" at the left of the name written in.

The three voters of Welty's precinct who were elected as delegates to the county convention are anti-machine and anti-Welty democrats. Mr. Welty opposed W L Mackenzie and J. D. Barnes, the Harmon candidates for delegates to the national convention from the Fourth district, yet both carried Mr. Welty's precinct, the voter on national delegates being Mackenzie, 55; Barnes, 42; Fox, 33 and Browne 22 The county candidates who carried the Welty precinct were Becker, Bowsher, Tussing, Fisher, Graham, Huffer, Brice and Curtiss, none of them regarded as machine candidates with the exception of Tussing.

FUNERAL THURSDAY.

Dr Charles C Miller, of Columbus, came back to Lima to cast his vote and was shaking hands with old friends here Tuesday and Wednesday.

MURDERER'S BODY IS NOT YET CLAIMED

Boston, Mass., May 22.—Miss L. V. Richeson, was expected to reach here some time this afternoon to confer with her brother Douglas, and with Wm. A. Morse, who was Rev. Clarence V. T. Richeson's counsel, to decide what shall be done with the body of the man who was electrocuted at Charlestown prison early yesterday for the murder of Avis Linnell.

Up to noon today the murderer's body still lay unclaimed on a slab at North Grove street morgue.

Douglas Richeson, who secretly changed his hotel yesterday after he had announced that the body would be buried in Lynchburg refused to make any statement.

FIRE TRAP

IS TOUCHED OFF BY SPARKS FROM PASSING LOCOMOTIVE.

The old Ireton building at 446 north Main street, condemned by the state fire marshall several days ago was damaged by a small blaze at 9:20 o'clock this morning. Sparks from a passing locomotive on the Pennsylvania tracks ignited with the roof of the building and for a time threatened a serious blaze.

The central department responding to the alarm succeeded in smothering the fire after a portion of the back roof had been burned. The building is owned by P. C. Ireton and was condemned by the state fire marshall Mr. Ireton has failed to comply with the order of the fire authorities and it is likely that a fresh notice will be served on him

NO CLUE

TO YEGGMEN WHO CRACKED SAFE IN HARROD POST-OFFICE.

Special to The News.

Harrod, Ohio, May 22.—Although officers have scoured the surrounding country for some clue that will lead to the identity and apprehension of the bandits who cracked the postoffice safe here Monday night and robbed the place of $550 in stamps and $50 in cash, they were admittedly up against it today. There is not a semblance of a clue. Secret service men are expected to arrive here tonight to take up the case.

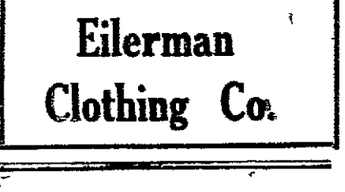
Is the Census Always Accurate



News Item: Active work in the taking of the biennial school census was begun yesterday in Chicago under the direction of W. L. Bodine, superintendent of compulsory education. The census will try to show the name, address, sex, age and nativity of every person under 21 years of age.

This compulsory education is a wonderfully constructive movement. We wish clothes education among men could be made compulsory also. We would have no difficulty whatsoever then in making men appreciate the exceptional quality and values offered at this shop.

Our Suits for Men and Young Men at

$7.50 to $20

are far superior to any garments shown elsewhere at these prices.

We make our own clothes! That answers the question.

MONEY IN GOATS.

Five hundred million goat skins have been imported into the United States during the last decade, and the money sent out of the counts in payment therefor, amounts to 250 million dollars. The figures of the Bureau of Statistics, Department of Commerce and Labor, show that the goat skins imported into the United States have ranged in value from 20 million dollars to 30 million dollars per annum during the last decade, making a total for the period in question of slightly more than 250 million dollars, approximately 500 million, since the average value of the goat skins now being imported is, according to the figures of the Bureau of Statistics, about 50c each, the valuations being those in the country from which exported to the United States.

This statement of the large value ($250,000,000) of goat skins imported during the last decade, together with that indicating that the number of goats which this $250,000,000, represents is approximately 500 million, is extremely suggestive in conjunction with a statement recently supplied to the Bureau of Manufacturers, Department of Commerce and Labor, by the United States' Consul at Vera Cruz, Mexico, from which country large numbers of these skins are imported, in which he says that the meat of the goat which is used as a food and found very similar to that of the sheep, is of even greater value than that of the hides, and that the goats are grown in large numbers upon lands not available for agricultural purposes. "The dry plains of Nuevo Leon," he adds, "with scant growth of brush, are able to support large flocks of goats, though these same plains will not produce corn, cane or grass, unless water is supplied for irrigation. ***Mountain lands and rough, broken sections of foothill lands may be rented for about $1 per acre and each acre will, in moist regions, support five or six goats. The steep mountain sides the deep gorges, the narrow valleys covered every where with vegetation, afford congenial feeding grounds for goats. ***The value of the goat depends upon three things: meat, tallow and the skin. The matter of fresh meat in the farming districts of the hot country is greatly simplified by the breeding of goats, **and the flesh alone would make it a profitable industry."

FINDING HEAVEN.

John Fetter, aged 79, of Massillon, is in heaven. He says so himself.

Fetter does not live in a mansion on a street paved with gold, or within pearly gates. He lives in a little bathouse on the Ohio canal in the very heart of the city of Massillon.

The view out of the only window in his home is of a short expanse of greenish water, and the sheer wall of a four-story brick warehouse. From his door he can gaze up stream, hedged in by warehouses and fish stands, and under a nearby bridge whose span frames a picture of canal and urban scenery noted for its ugliness. The reason Fetter believes himself in heaven is because he is independent. He enjoys absolute freedom. There is none to say him nay.

"If you want to feel as if you were in heaven you've got to be independent," says Fetter. "When you're not that you're not in heaven. Here I'm my own boss and my cabin is my celestial precinct."

There is an inspiration for you, Mr. Man. You can't be satisfied with the glories of such scenery as nature has provided for northwestern Ohio—none more beautiful—and yet John Fetter finds heaven fairly rising from the murky waters of a canal. You cannot see heaven even in the face of your own child—and a man is far gone that cannot—and yet John Fetter has no children to brighten his canal-boat heaven.

Think it over. If John with nothing is independent why not you with all? The trouble with most of us is we're in heaven and don't know it. John's happy because he has found it out.

FROG FARMING.

New kinds of farming are springing up so fast that it startles one to read that frog farming is a profitable employment, declares the editor of the Dayton News. To be told—as we are being told—that a Minnesota boy raised nine hundred dollars worth of frogs last year doesn't surprise anyone.

As a matter of fact, we in this country have not started seriously in the art of producing commodities for food or clothing. We have barely scratched the surface of the earth and have not done anything worth mentioning concerning the water. So little attention have we paid to the possibilities of the latter that we have even permitted the fish supply to become depleted.

The frog is a valuable food. It commands a good price at all times in all markets. It is more easily raised than chickens and the yield from a given area is greater than any other "crop." Yet it is so strange that any one should start a frog pond that it becomes a matter of news, and the papers print the fact that there is such a farm in existence.

Our streams and ponds and lakes ought to bear a good portion of the food supply. They would do so with anything like careful attention. An acre of water will produce more food than an acre of land if properly cultivated, yet there are upon many farms with acres of water that are not cultivated, but which are permitted to become a menace.

With politicians flattering the people during the day, and lovers fitatering each other in the evenings, there's many a public park over the country working overtime just now.

How can anyone decry the back-to-the-farm movement? Everybody knows that one advantage of living on a farm is that your neighbors can't hear you fight with your wife.

That was a poor brand of religion that Pine street man partook of when he sat patiently through the sermon and then had a political argument on his way home.

Indiana county auditors are in favor of a reform that will mean less work and more pay. Extend it to the newspaper profession, too, and pass some of it over this way.

There is no accounting for tastes. For instance, a Connecticut farmer has advertised for a hired hand and he says he prefers one who is a hard drinker.

Fifty Years Ago Today.
May 22.

The New York market quotations for domestic flour were $4.25 to $5 a barrel, wheat 89 cents to $1 a bushel, corn 40 to 50 cents, oats 40 cents.

Lowe's military balloon, moving with the advance cavalry column of the Army of the Potomac, ascended 500 feet eight miles from Richmond. Large camps and bodies of troops were visible in front of the city.

HON. R. R. KENNEDY

Allen County's Member of the General Assembly of Ohio Was Nominated for Second Term at the Primary.

With such a lot of soiled political linen out on the line, its going to be a dirty washday in Chicago and Baltimore next month.

If it is impossible for you to get "back-to-the-farm" buy a dime's worth of garden seed and start a "back to the back-yard" movement.

And through it all we have noticed that both Foraker and Dick have for once in their lives managed to remain silent.

The regular meeting Lima nest of Owls will be held this evening, and after the business session the evening will be enjoyed by the members in an informal way, marking the opening of the handsome club and lodge rooms on the third floor of the Gazette block.

All of the rooms have been redecorated and re-wired, the lighting system being modern. Reading and pool and billiards rooms have been equipped, new furniture purchased throughout, making cozy quarters of this popular organization. The evening smoker is expected to be attended by a large crowd and good entertainment is promised by the reception committee.

MINISTER DEAD.

Rev. Alonzo Skidmore Well Known In This Section.

Special to The News.

Bellefontaine, May 22.—Rev. Alonzo Skidmore passed away at his home in East Liberty, Monday afternoon about 3:30 o'clock. Rev. Mr. Skidmore was the founder of the Central Ohio College conducted for some years at East Liberty.

Rev. Mr. Skidmore was a man of unusual ability. He was born in York township, Union county, about 74 years ago. He early took up the work of teaching and was not able to finish his course in Bethany College until the age of 40. He was one of the teachers in the college at Middletown, Ky., and also taught in a college in the State of Texas.

FOOT RACE

Wapak Woman Runs Step-father Through Streets.

Special to The News.

Wapakoneta, May 22.—It was a foot race on the one heat plan on a two lap ring yesterday afternoon when Mary Honey, whose husband Clarence Honey, sued her for a divorce Monday morning, took after her father-in-law, Jacob Honey, and give him the race of his life up Main street and around a circle between the flowerbeds in front of the fire department. Those who witnessed the race are of the opinion that it had not been for the interference of Chief of Police Ed May, Jacob would have lost the race to the irate Mary.

Monday evening Jacob swore out a warrant for the arrest of his daughter-in-law and she appeared before Mayor Hay and pleaded not guilty to the charge of assaulting Jacob.

AFTER RECESS COMES LABOR FOR CON. CON.

By United Press.

Columbus, O., May 22.—The fourth constitutional convention resumed its sessions here this afternoon, after a 13 days recess, to pass finally upon the proposals which it had deliberated upon for four months. The convention faces three big fights, which promise to extend its sessions until the early part of June unless the members decide to work straight through the week with the exception of Sunday.

The fights will come on the method of submitting the amendments. The liquor interests, backed by a number of progressives, will fight to have the license and equal suffrage proposals submitted separately. Women's suffrage is feared by the liquor people and they figure that it is included on the single ballot with the other amendments it will carry. Ardent I. & R. men will also fight the report of the schedule committee which has tentatively agreed that all proposals be effective January 1st, 1913. The I. & R. advocates want this measure if approved at the special election to be held Sept. 3, to become effective at once so that it can be used on the next legislature. The more radical I. & R. fellows will also insist upon a direct initiative being incorporated into the present measure.

Those delegates favoring classification of property for taxation are expected to make a last stand for the incorporation of this method as an alternative proposition.

PIMPLY? WELL, DON'T BE!

PEOPLE NOTICE IT. DRIVE THEM OFF WITH OLIVE TABLETS.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights.

Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edward's spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel.

"Every little Olive tablet has a movement all its own"

Mother And Titanic Waifs

Mme. Marcelle Netravil, of Nice, France, photographed as she appeared in New York with her baby boys "Lolo" and "Lump" with whom their father had run away from Mme. Netravil and was coming to America on the Titanic. The father went down with the ship, but the boys were rescued and brought to New York by Miss Margaret Hays, a wealthy New Yorker, who would have adopted them. But their mother heard of the rescue of the boys and immediately sailed for New York to claim them.

9 MONTHS IS SENTENCE FOR SUFFRAGETTES

MRS. PANKHURST AMONG THOSE FOUND GUILTY OF RIOTING.

HARD LABOR NOT A PART OF SENTENCE.

WORST BLOW YET HANDED DOWN BY GREAT BRITAIN JUDGE.

By United Press.

London, May 22.—The worst blow yet suffered by the militant suffragettes of Great Britain came today when Frederick Pethick Lawrence, barrister, his wife, Mrs. Emmeline Pethick Lawrence, the joint editors of Votes For Women, and Mrs. Emmeline Pankhurst were found guilty with having between November, 1911 and March 5, last "unlawfully conspired and agreed together to commit damage and injury to property, and with having aided and abetted and procured offenses against the malicious injuries to property."

They fought against conviction bitterly, Lawrence, who defended himself and Mrs. Pankhurst, having assailed the motives of the government in bringing prosecutions of political offenses under the criminal section of the code and Mrs Pankhurst in a two hours impassioned speech having protested against trial before a male magistrate and jury when the right of suffrage was denied her and her associates.

Included in the warrant was the name of Cristobel Pankhurst, daughter of Mrs. Pankhurst, but she eluded the police and has since successfully been concealed. Mrs. Pankhurst served two months in jail for the window breaking that accompanied the alleged conspiracy on which today's convictions resulted.

Sentence was immediately imposed, the three defendants being sentenced to serve nine months each without hard labor.

PASSING

OF ONE OF LIMA'S OLDEST RESIDENTS CAUSES DEEP SORROW

MRS. LYDIA HOLLAND DIES AT HOME OF HER DAUGHTER.

Mrs Lydia Holland, nearly 92 years of age, passed to eternal rest Tuesday evening at 6.45 o'clock, at the home of her daughter, Mrs. James M McKinney of 724 west North street. Death was due to the ravages which age has wrought and a break down of the body.

For many years Mrs. Holland has lived in Lima and is numbered among the very oldest of residents both in years and in the time she has spent here. She was within four months of the age of ninety-two years. Mrs. Holland was born in Warren county near Lebanon. She came of a sturdy pioneer stock, her parents being Mr. and Mrs. Bruzelius Osman. The parents settled in Lima when Mrs. Holland was only a child. She has lived in Allen county ever since.

Deceased is survived by another daughter, aside from Mrs. McKinney, Mrs J. T. Cunningham, of Ada, and two sons, T. B. Holland dof Paulding and J. C. Holland of Topeka, Kansas Her aged husband passed away about five years ago.

The funeral will not be arranged until the son in Kansas is heard from. However, the final resting place of the body will be in Woodlawn.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy For Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea" which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, failing hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

THE GOOD OLD TIMES.

There is a lot of talk about the "good old times." There weren't any "good old times," if you were talking about wash day or house cleaning. Those tasks meant red hands, headaches and backaches and trouble. Easy Task laundry soap would have made them "good" old times indeed. It does half the work in washing and cleaning; it drives the dirt out and not in; it doesn't shrink flannels or streak linens, and it hasn't any rosin in it to rot the fabrics. If your grocer isn't living in the good old times he sells it—lots of

JAMES RAMBO NOW MANAGER

B. WOHLGEMUTH RETIRES FROM MANAGEMENT OF CALIFORNIA WINE CO.

Bert Wohlgemuth, head of the California Wine Co., who for a number of years has been in charge of the management of that wholesale establishment, has decided to retire from active business life and will devote a number of months to a well earned and long needed rest from business cares. By reason of his retirement, Mr. Wohlgemuth has taken James Rambo, who has been assistant manager and bookkeeper for the company for a number of years, into partnership in the concern and Mr. Rambo will at once assume the active management of the business and the responsibilities which it entails.

The business of the California Wine Co. has grown steadily during the years that Mr. Wohlgemuth and Mr. Rambo have been associated together in the management of the house and the future success of the firm is assured under the management of Mr. Rambo, who is eminently qualified for the responsibilities he has assumed and who is well and widely known and popular with the trade.

EFFICIENCY now attracts the manufacturer, and is gaining consideration from the merchant. One efficient way of ridding yourself of surplus or stale goods is to slip a little one inch want ad into the paper now and then. 5-8-tf

CASE REOPENED.

Charge of Pocketpicking Against Johnson Up Again.

The case of George Johnson, charged with pocketpicking when Roosevelt visited Lima a week ago, was re-opened and Johnson was given a hearing Wednesday afternoon before Probate Judge Hutchison. Johnson's wife has arrived in the city and it is claimed that evidence can be introduced to disprove any guilt which might be attached to Johnson.

The case was set for Wednesday morning, but was afterward postponed until two o'clock Wednesday afternoon. The case will take up the greater part of the day, it is expected.

PROPHET

Of New Variety Bobs Up in Paris

EXPECTED TO GIVE TO WORLD LONG EXPECTED TRANSFORMATION.

POOR DRESSMAKER A MIRACLE WORKER.

FRENCH ARE GOING IN FOR ALL KINDS OF SEANCES.

By William Phillip Simms.

Paris Cor. of the United Press.

Paris, May 15.—Krishnamurti, or Alcyone, a new Hindu prophet, regarded by many theosophists as the precursor of the ultimate Master, has come to Paris. But 15 years of age, more than a year ago he wrote a book entitled, "At the Feet of the Master," which has been translated into many tongues and is said by some to be inspired.

The home of the lad is in Adgar, India. His presence in Paris as the forerunner of the Messiah, the Teacher who is to give the world its long expected moral transformation and usher in the Millenium, is in confirmation of the prediction of Mrs. Annie Besant, the American woman, who, in an address at the Sorbonne last June, declared a profound change in the life of mortals was soon to arrive. The change would follow the appearance of the Master who would establish a new religion.

Undoubtedly, Alcyone is of genuine intelligence. Though but a boy, he presides over meetings of his elders at the Societe de Theosophie, with rare skill and authority. He is the head of a new order, or religion, which he started over a year ago and which now numbers more than 5,000 members. About 700 of these are in France.

F. D. Carpenter, general manager of the Western Ohio traction railway, left this morning for Cleveland to attend a meeting of all officials of the company. Several matters of great importance are said to be before the executive committee at today's committee.

PARMENTER IS CLOSE SECOND

AND OFFICIAL COUNT WILL BE NECESSARY TO DECIDE IN DISTRICT.

Reports from over the Fourth congressional district show that the Allen county Taft candidate, W. L. Parmenter, is making a close race for one of the places on the delegation to the republican national convention and that the official canvass of the vote in Shelby and Darke counties will be necessary to determine the result. With a number of precincts missing, Mr. Parmenter is within fifty votes of the second highest score in the district.

Allen county with Monroe township still out, gave Mr. Parmenter, Taft candidate, 1036; Rush, (Taft) 851; Pence, (Roosevelt) 1525; Jones (Roosevelt) 1379.

Harmon Loses Fourth.

The loss of the Fourth congressional district is conceded to the Bryan-Wilson forces, Mackenzie and Barnes, the Harmon candidates being defeated in the returns so far reported and Fox and Browne, Wilson delegates, holding the lead. The vote by counties so far reported is as follows:

Allen county—MacKenzie, 1295; Barnes, 978; Browne, 903; Fox, 879.

Auglaize—MacKenzie, 1230; Barnes, 1004; Browne, 1223; Fox 1172.

Darke—MacKenzie, 1212; Barnes 1298; Browne, 1853; Fox, 1826.

Shelby—MacKenzie, 900; Barnes 1260; Browne, 531; Fox, 467.

Mercer—MacKenzie, 719; Barnes, 1086; Browne, 1553; Fov, 2252.

Totals—MacKenzie, 5356; Barnes, 5626; Browne, 6063; Fox, 6369

CLEWS

SAYS OUTLOOK FOR CROPS IS NOT DISCOURAGING.

OTHER COUNTRIES MAY MAKE UP ANY DEFICIT IN UNITED STATES

There is another element of uncertainty more serious than that of politics; that is the crops. In some parts of the country the season is very late and there has been too much moisture. This is particularly true of cotton. In general the season is late and affords no particular ground as yet for enthusiasm. There are 3 months ahead however, before the harvest, during which time there is abundant opportunity for improvement. Fortunately the crop conditions in other parts of the world have been more satisfactory, so there will be less occasion for extreme high prices for grain in the United States, should our crops not prove abundant. Europe may easily take less wheat than usual, but will want our cotton in large quantities.

This year business will be more sensitive to conditions than usual. The high prices of food make large crops absolutely essential to keeping down popular discontent, the chief national grievance today being the high cost of food products. Our farmers are enjoying exceptional prosperity, and every inducement exists for their raising as large crops as possible. The farmers, however, are feeling the labor question in an embarrassing manner, often finding it impossible to secure sufficient number of hands. Our great cities are suffering a congested population yet strange to say, many refuse to go to the farm even at much higher wages, preferring to congregate in masses in the cities under less comfortable and less sanitary conditions Not infrequently they could better their condition by leaving the crowded cities, but will not.

WOODMEN FILE ANSWER.

By United Press.

Springfield, Ill., May 22.—Declaring that the action of the head camp of the Modern Woodmen in raising the assessment rate last January was entirely legal and necessary, defendants in the injunction suit of James H. Wallace and others in the Modern Woodmen and its officers today filed an answer to the petition in circuit court here. The answer declares that without the rate increase the order must eventually be forced out of existence.

BOARD ORGANIZES.

Members of the board of county commissioners and county auditor met Wednesday at one o'clock and organized as the board of county equalization. A. L. Frey was selected as president and Harold Mowery, deputy auditor ,as clerk. The work of the board is to equalize the returns of the assessors of the county on both personal and real property. The board adjourned to meet again June 3, following organization.

MARRIAGE LICENSE.

Howard S. Justus, 23 years of age, railroader, and Inez N. Penn, 22, domestic, both of Lima, took out a license to wed late Tuesday afternoon. Rev. J. G. Thomas was named as the officiating clergyman.

Men and Matters

The daily motorcycle speeder was arraigned before Mayor Shook this afternoon and fined $1.00 and costs for driving his machine at a rate of speed higher than fifteen miles per hour. Fred Loyhead, a butcher, residing on west Elm street, pleaded guilty to speeding and drew the above fine.

Mayor Corbin N. Shook has received an invitation to attend the May Musical Festival at Richmond, Indiana, on May 23rd and 24th.

The snapping of an electric wire at High and Pine street today during the noon hour when scores of pedestrians were passing along that route caused a near panic. The blazing wire fell across the street and city officials were notified. They, in turn, ordered the electric light company to repair the wire.

The court house Wednesday forenoon was the scene of a gathering of candidates, both successful and defeated ones, and all were telling just how it was done. There were handshakes and congratulations and then the offering of sympathy for those who "also ran." If there was any doubt as to the real enthusiasm the fight reached, that was waged in this campaign, just an hour at the temple of justice this morning elucidated all doubt.

Hon N. E. Matthews of Ottawa, member of the constitutional convention from Putnam county, and James T. Maidlow, also of Ottawa, who is connected with the offices at the state house, were in Lima this morning, en route to Columbus to assume their duties, after having been home to vote.

Local Pennsylvania officials were visited by the regular inspection train yesterday, in their monthly trip over the road. The officials making up the train consisted of Superintendent Wardrop, his assistant, Robert Lermouth, Trainmaster J. F. Patterson and his assistant, Clarence Hamilton and Assistant Trainmaster Fast of the division east of Crestline. The party stopped for little over an hour in Lima.

The ladies' tennis court at the Business Woman's club on West Market has been put in splendid condition for the summer and the same is now ready for use. The court is lighted with a string of electric bulbs. It is here that many pleasant hours will be spent during the hot summer by the members.

Interest is manifested in Lima in the case of Wilbur Pepple, former school teacher in Clay township, for $180. He was enjoined from finishing the term, as the result of trouble between himself and a boy pupil. The courts sustained him in his action against the boy and the amount claimed to re-imburse him for time lost, on account of the suit.

Two special cars passed through Lima today over the Western Ohio railway enroute from Dayton to Tiffin bearing a large contingent of Knights of Pythias from the Gem city. A big initiaton and banquet is to be given in Tiffin tonight.

Harry E. Browning, of Hersman, Ill., popularly known as the man who raised the $5,000 boar, is visiting friends in this city and is the guest of Henry Flick, of the Empire Hotel. Mr. Browning, it will be recalled sold the famous boar to East Bros. of this city, who in turn disposed of the hog to E. S. Mays, of Springfield, Kentucky for $5,000. The boar is said to be the finest in the world, being of the Duroc Jersey stock.

NEW INCORPORATIONS.

Columbus, O., May 22.—The Eclipse Development Co., Cleveland $25,000. The Mirrorscope Company, Cleveland $10,000. The Eiseman Automobile Co., Cleveland $10,000. The Howard-Meyer-Weber Co., Cleveland, name changed to the Howard-Gorie-Webb Co., The Nature Publishing Co., Cincinnati $15,000. The Standard Sales Co., Cleveland $100,000. The Cleveland Worm and Gear Co., Cleveland $100,000. The B. F. Goodrich Co., Akron, decrease $20,000,000 to $200,000.

FLOOD IN MICHIGAN.

By United Press.

Saginaw, May 22.—Damage estimated at half a million dollars and many families homeless are the results today of the unprecedented rain fall in Eastern Michigan for the past 17 days, causing the worst flood conditions in years. All rivers and streams are swollen to three times their normal size.

Local Pride.

"Why do you insist on investing your money away from your home town?" "Well," replied Farmer Cornstossel, "I've got a good deal of local pride, I have, and I regard the people in this here township as bein' so smart that none of 'em is goin' to let any real bargains git away from him."

Makes a Difference.

Needlework is a soothing and comfortable occupation for those who have no need to do it.

NO VERDICT.

By United Press.

Columbus, O., May 22.—The jury in the second trial of Senator Isaac Huffman, of Oxford, charged with bribery, had come to no conclusion at noon today, after deliberating seven hours. The jury retired at four forty-five yesterday.

Valeska Suratt's Secrets of Beauty

"The Art of Art is to Conceal Art"

One of the most disheartening sights to me is to see a woman whose features reveal the abominable habit of "piling things on." Powder is slapped on so carelessly that it appears in spots, rouge is put on so thick as to give the lips a clownish vermillion; the eyebrows and lashes are penciled so heavily as to make the user look like a wild dervish.

This is dense ignorance, yet we find women of supposedly great refinement and station guilty of this buffoonery. Do not forget that the excessive use of such toilet articles, as a rule, defeats its own purpose.

The woman who always "looks perfectly natural," even though that naturalness may be manufactured, is the woman who first receives all the attentions and the favors. The obviously painted woman is a shock; no man prefers to promenade with a woman who causes the crowd to gape at the landscape on her features. In other words, the art of art is to conceal art.

Don't overdo. Don't forget you are not making up for the stage when you go on the street, and besides, you should wish rather to be known as a woman who does not need a thick veneer of powder, rouge and pencil, than one who does. To put too much on, or badly, calls attention to your very lack of beauty. Besides, I will continue to tell my readers in these columns how they can be beautiful, instead of being merely painted counterfeits.

MRS. L. B. C. asks how to get rid of spotty, muddy complexion.

Boil half a pint of water. Add two tablespoonfuls of glycerine. Keep stirring, while adding one ounce of zintone, until it is dissolved. Then let cool. If the cream is too thick to pour easily from a bottle, thin it down a little with more rose water. The cream will be white and satiny. After bathing in the morning, hold a wet, hot towel to the face several times for several minutes. Rub this cream on the entire face liberally. Let the cream dry on the face. Repeat this again at night. Any good druggist will sell you an ounce of zintone for not more than fifty cents.

If you use this, you may not even need powder except to take off the "shine" or oiliness which is always unavoidable. Your skin will radiate with a purity and pearliness adorable.

"HOPEFUL" does not need to hope; she can be absolutely certain of getting rid of blackheads. Pinching will not cure them, though it helps for the time being.

Dissolve twelve ounces of granulated sugar in one-half pint of water, and add one ounce of sarsene, and mix the whole together thoroughly, then add more water to make a pint. You will have one of the most splendid and effective pimple removers it is possible to obtain. Sarsene is a liquid which you can get at the drug store for 75 cents. Take one or two teaspoonfuls of this mixture three or four times a day, with a little water if desired. This is absolutely safe for any one.

MISS H. F. wants to know whether it is harmful to wear bust pads. Reason it out for yourself. Anything which presses or causes heat and perspiration in such cases is injurious and often disastrous. However, if you still persist in wearing them, yet desire to become splendidly developed, you can assuredly do so, if you will be faithful in using the following:

In a half-pint of hot water, dissolve two ounces or ruetone and half a cup of sugar, all well mixed together. Of this, take two teaspoonfuls three or four times a day in a wine glass of water, after your meals.

In a few weeks you should notice a visible result, and later on you should need no pads or subterfuges whatever. This is one of the most remarkable preparations I have ever heard of. I know it will do the work, and I know it is perfectly safe besides. The ruetone you can get at the drug-store for a dollar. You will also find the development materially assisted by massaging the bust with the eptol cream mentioned above.

"DISSATISFIED" should get a small piece of cotton, wind it around the end of an orange-wood stick. Dip this in per-oxide of hydrogen, which you can get at any drugstore, and run it under the finger nails. This acts as a bleach and cleans the under side of the finger-nails perfectly

MRS. W. D. S.: I will send you the proper method of reducing enlarged hips.

PREMATURE says she is 31 years of age and looks like 45. She wants to look her age again, or look even younger, if possible. If you had asked me this a few years ago I would have said "impossible." But now I say "almost." I know of quite a few women who have produced really phenomenal results in rejuvenating their appearance by using the following formula. It has the effect of removing wrinkles and making the face look plump and youthful. I use this myself, and it is my "standby":

In one-half pint of boiling water pour two tablespoonfuls of glycerine. In a few minutes add two ounces of eptol and continue stirring until it is dissolved. At first it will look like jelly, then it will start to cream. When it does this, remove from the fire and stir constantly until cold. Keep in air-tight jar. You should be able to get eptol at any good drug store and it should not cost you more than fifty cents.

Apply this cream every morning with the tips of the fingers, after washing your face with very warm water and soap. Rub in well until the cream has disappeared. This cream will not grow hair.

LILY G.: I would not advise you to use anything of the kind you mention, as I do not know what it contains. If you want a shampoo worthy of the name that will clean your hair as you probably never had it cleaned before, and that will leave the hair beautifully silky and not so hard to manage, dissolve one teaspoonful of eggol in half a cup of hot water. When entirely dissolved and the solution has become luke warm, pour on the hair and shampoo in the usual manner. It makes an exquisite lather. After rubbing it well into the scalp so it is perfectly clean, wash the hair thoroughly with plenty of warm water, and rinse with cold water. This eliminates every particle of dirt and grit that accumulates on the hair and scalp. the druggist will let you have the eggol for not more than fifty cents.

SOBBING BABY

FOUND WANDERING ALONG TRACKS OF PENNSYLVANIA RAILROAD.

Sobbing pitifully, a two year old baby was found wandering down the Pennsylvania tracks near Main street during the noon hour today, and carried to the central police station. An hour later a mother rushed breathlessly into the central station and frantically implored the police to locate her child. The child was returned to the mother.

The woman who proved to be a Mrs. Snyder, of Holmes avenue, had been shopping at the Boston store during the forenoon. The two-year-old son wandered out of the door and onto the railroad tracks. Pedestrians discovered the tot and led him to the police.

50 Persons Will Make $20.00 Each Writing Jingles

In May, 1912, we will buy 50 good Jingles, suitable for a Post Toasties Jingle Book. You may get $20.00 for writing an original Jingle or for filling in the missing line of the incomplete Jingle in the coupon. A fine way to have some fun.

A COMPLETE JINGLE

(As an example only.)

Picnic days are coming, goodness what a treat,
Fill up all the baskets; lots of stuff to eat,
Never mind the cake and jam, never mind the tea,
Plenty of Post Toasties—that's good enough for me.

FINISH THIS JINGLE.

Little orphan Annie from far, far away
Came to make a visit, and she's going to stay.
Roses now are blooming, on her cheeks so pale,
.....

(Fill in this line, mentioning Toasties, and write plainly)

Sign here—

Name ..... Date .....

Street and No. .....

City ..... State .....

Use of above form of answer is suggested, but not required.

Address and mail your Jingles to

Jingle Dept. 451 POSTUM CEREAL CO., LTD., BATTLE CREEK, MICHIGAN.

Jingles accepted for our book, will be bought and paid for at $20.00 each.

Only the Jingles we pay for will be used.

There will be 50 Jingles purchased, and the names and addresses of the writers will be printed and mailed to every enquirer who sends us a 1c stamped and addressed envelope for return.

The Jingles will be adjudged honestly upon merit, so if you are a sensative person and not a good sportsman, don't try, for we have no time to "pet up" those whose Jingles are not accepted.

Fill in the missing line of the incomplete Jingle printed above, making the ~~last~~ line include the name of "Toasties," with correct rhyme and metre.

Or, write an original Post Toasties Jingle of not less than 4 lines, any one line of whichmust contain "Post Toasties" or "Toasties."

As many Jingles may be submitted as desired.

This is an opportunity to make some extra money, and, in addition, become acquainted with

THE NEWSON-HAWISHER COMPANY

WHEAT COMMENCES TO CLIMB AGAIN

SLIGHT GAINS ARE SHOWN WEDNESDAY—CORN TAKES ANOTHER SPURT.

Chicago, May 22.—All cereals took an upward turn again Wednesday and the old activity of a few weeks ago was displayed. At the opening July wheat sold up 1-8 and Sept. 3-8. The price was boosted in a few hours and at noon July was up a cent and a half and Sept jumped a full cent Corn went unchanged at the opening but at noon was selling up a cent and three-eighths for the July crop. Oats started without a change and at noon the July crop had gained a cent and Sept. followed closely, up 7-8. The close showed. wheat, July up 2 1-4. Sept. up, 1 3-4. Corn, July up 2 1-2. Sept up 1 1-2. Oats July, up 1 5-8. Sept. up 1. Provisions higher.

Those who are on the bull side of corn, and who have watched the trade in that market for weeks, volunteer the opinion that Lichstern is one of the principal shorts in the May, and that some one doing business through the Armour Grain company is also short. As the month of May passes rapidly away the shorts in May corn as well as some in the more deferred futures are becoming more and more uneasy The country movement is small, and those who are on the wrong or short side of this cereal will be obliged to either go into the pit and bid for the corn or even up their positions by making deliveries before the first of June is here

RICHESON FUNERAL

IS QUIETLY HELD IN BAPTIST CHURCH IN BOSTON TODAY.

By United Press.
Boston, Mass., With only Attorney Wm. A. Morse, Miss L. V. Richeson, Douglass Richeson and reporters present, funeral services over the body of Rev. Clarence V. T. Richeson, executed at Charlestown prison early Tuesday for the murder of Avis Linnel, were held this afternoon at 1:30 o'clock in the Warren Avenue Baptist church.

It was announced that Richeson's body would be buried in or near Boston, the exact place bein kept secret until the driver of the hearse was informed where he was to take it, immediately after the services

POWELL CASE UP.

The case of S B. Powell against S. W. and Flora Downing was again taken up by Judge William Klinger Wednesday afternoon. At a late hour no decision had been given out in the case The cause of the suit was a misunderstanding in the exchange of a farm in Defiance county for Lima property, owned by the Downings. Lots on south Metcalf street and north Grand avenue in this city, are under controversy as a result of the suit.

DEATH AT OTTAWA.
Ottawa, May 22.—Darst Agner, 21, son of Mr. and Mrs. H. Agner, died at the home of his parents, Tuesday night, of Bright's disease. He is survived by his parents, three brothers and one sister. No arrangements have been made for the funeral.

HEAVY SELLING IS A FEATURE TODAY

SHARP RECESSIONS IN MANY STOCKS ARE SHOWN—MONEY MARKET TIGHT

By United Press.
New York, May 22.—The stock market opened irregular with price changes about equally divided between gains and losses. Trading was dull during the first hour with prices narrow. Governments unchanged, other bonds irregular. Heavy selling caused sharp recessions in the late forenoon A firmer tone prevailed in the afternoon. The close was strong.

A further scarcity of money was reported from London because of heavy payments for exchequer bills.

The feeling of depression in that market grows out of anxiety as to labor troubles and the virtual failure of some recent underwritings. England's April trade statement shows a great increase in imports, while the recent coal strike in that country continues to find adverse reflection in its exports.

LOCAL WHOLESALE PRICES PAID THE PRODUCERS.

OVER DOSE OF DRUG KILLS A DAYTON MAN

W. C. STANLEY DIES WHILE ENROUTE TO THE CITY HOSPITAL.

WAS SUFFERING WITH A SEVERE HEADACHE

AND TOOK STRONG POWDERS AT VERY SHORT INTERVALS.

W. C. Stanley, a married man, 38 years of age, took an overdose of headache medicine this morning, from the effects of which he died at about eleven o'clock. Stanley took the medicine in the hope of securing relief from a headache which threatened to trouble him during the remainder of the day. In half an hour he took another dose of the medicine.

He boarded at the Holleran place on south Main street. Following the taking of the second potion Stanley became desperately ill. Whitley's ambulance was called to remove him to the hospital for treatment. While the horses were hurrying along to help and treatment, he expired.

The ambulance turned and the dead man was conveyed to the Whitley undertaking parlors on east North street, where the body was prepared for burial. Stanley has a wife and Undertaker Whitley immediately wired her of the sad occurrence. She is expected to arrive this afternoon from 122 Crane street, Dayton, to arrange for final disposition of the body.

Stanley was a moulder, employed at the Ohio Steel foundry. The medicine which he took is said to be manufactured in Findlay, Ohio. It is presumed that Stanley knew little of the ingredients it contained and when relief was not instantaneous, he repeated the dose for effect.

BIG PLANT TO MOVE.

Special to The News.

Bowling Green, O., May 22.—Pitkins & Brooks, according to advices from Valparaiso, Ind., have closed a contract with that city for building a cut glass plant there instead of rebuilding at Bowling Green the factory which was burned down in March last.

The Indiana city gave the company $7,500 and a site.

GEM CITY BOOSTERS

STOP IN LIMA ON A TOUR OF NORTHWESTERN PART OF STATE.

A carload of Dayton business men, mostly wholesalers from the Gem City of Ohio, spent an hour in Lima Tuesday morning. They reached the city in a special car over the Western Ohio, and while the local members of the Chamber of Commerce were sunstruck or had not recovered sufficiently from the primaries to meet their neighbors, several private citizens took them in charge and maintained the dignity of the city upon such an occasion.

The time spent here was enjoyable, quite a number of the business houses visited. Passenger Agent Burkhardt of the Ohio Electric had charge of the special car to Delphos, then back to this city and to Bellefontaine where a banquet and smoker will be tendered the party this evening.

PIONEER RESIDENT

Of Mercer County Passes to His Reward.

Special to The News.

Celina, O., May 22.—Frank Sunderhaus, a resident of St. Henry, died at his home at that place Tuesday morning following a stroke of apoplexy with which he was stricken Monday.

He has been a resident of this county his entire life, having been born here fifty years ago and for the past several years engaged in the saloon and restaurant business at St. Henry.

FIREMAN INJURED.

Bert Garrigus, a fireman at the central department, was painfully injured, Tuesday afternoon, during the test of the big central hose steamer. In throwing the stream, Garrigus allowed the nozzle of a large hose to slip from his hands, striking his left leg and knee. No bones were broken but the member was severely bruised.

Elbert Hubbard on Suffering.

Elbert Hubbard, editor of the Philistine, says: "Most of the suffering in this life comes from too much work, or too little." He could have left that off "too little," and he would have left it off had he referred to wash-day suffering. There has been too much work on wash day for the women, but now we have Easy Task soap that does the work easily, quickly, cleanly and surely—and does half the work all by itself. It is the cleanest, purest white laundry soap made and sold at five cents a cake.

NOMINATION OF TUSSING IS CONCEDED

WALTHER LOSES COUNTY BY LESS THAN TWO HUNDRED.

OFFICIAL COUNT MAY BE NECESSARY TO DECIDE ON CORONER AND SURVEYOR.

With unofficial returns incomplete and the official returns still sealed in their respective envelopes at the headquarters of the board of elections, the result of two of the primary contests are still in doubt and will remain so until the board canvasses the official return from the various precincts. The treasurership nomination contest on the democratic ticket is no longer in doubt, Leonard Walther conceding the nomination of candidate Tussing by between 150 and 200 votes majority. With five country precincts still to be heard from Wednesday afternoon, Walther's vote totals 1420 and Tussing's 1588, giving Tussing a majority of 169. The precincts still to be heard from in this contest are Lafayette, Jackson township, Elida and Monroe township and it is expected that Mr. Tussing will have carried a small majority of the vote in those four precincts when combined.

With seven country precincts still out, the following figures show the status of the contests for the coronership and surveyorship nomination with the present situation indicating the nomination of Brice for surveyor and Curtiss for coroner:

For Coroner.

Hibbard	1250
Curtiss	1350
Curtiss' lead	100

For Surveyor.

Smith	1235
Brice	1407
Brice's lead	172

DEER SLAYER

NOT YET CAPTURED THOUGH CLOSE VIGILANCE IS KEPT.

Two successive nights of vigil on the part of Park Superintendent Loescher has failed to unravel the mystery connected with the discovery of the mutilated and lifeless bodies of the three deer at Faurot Park, a few days ago.

It became known today that the deer were slain a week ago Saturday night and that the matter had been kept a close secret until Sunday evening. Mr. Loescher spent Saturday and Sunday night at the park in the hope of scenting some clue that would unravel the mystery. His hopes were not realized.

Director Harman, of the public service board, declared today that hope of apprehending the guilty parties had practically been abandoned. An effort will be made to replace the deer if more can be purchased.

Chardon, O., May 22.—Yeggmen looted the postoffice at Montville, Geauga county early today and escaped with $90 in money. Stamps amounting to $100 were left strewn over the floor. The safe was blown during last night's storm, the thunder drowning the sound of the explosion.

GERM LADEN DUST CAUSES CATARRH

ELY'S CREAM BALM KILLS THE DEADLY CATARRH GERMS NO STOMACH DOSING.

Catarrh, which is bad enough in itself, often results in loss of taste, smell and hearing, and leads to serious throat and lung troubles if not promptly checked. The seat of catarrh is usually in the back of the nose, and its natural course is downward, into the throat and thence to the lungs.

Don't take any chances. If you have any symptoms of catarrh—stuffed up feeling in the head, nasty discharge from the nose, sore throat, or dry, hacking cought, get a fifty cent bottle of Ely's Cream Balm from your druggist, and begin the treatment at once.

This remedy is not a "burning out" or "drying up" process. It is simply a cleansing, healing, antiseptic Balm, taken through the nostrils back into the head and throat where it instantly reaches the seat of the trouble. That's the only way to effectually and permanently cure catarrh.

Catarrh makes you offensive to yourself and friends. Start using Ely's Cream Balm today, and in a short time you will be permanently cured of this nasty, disgusting disease.—H. F. Vortkamp.

TAFT IS NOT DISHEARTENED

Washington, May 22.—Far from being disheartened by the Ohio result, or signifying any intention of withdrawing from the race for the Republican nomination President Taft today indicated that he expects to fight harder than ever, up to the very day of the Chicago convention.

Taft's first official act on reaching Washington today, was to "O. K." an extension of his New Jersey campaign tour, which keeps him making speeches in that state up to noon on Tuesday of next week. The New Jersey primaries open at 1 p. m., that same day.

This is probably the first time a presidential candidate has ever done any campaigning on election day itself.

The president held a few political consultations today and then retired to the White House to spend the day resting. He starts out for New Jersey early Thursday morning.

Elmer Kennedy Asks Court to Partition Real Estate.

Elmer Kennedy has filed suit in common pleas court against Emma Kennedy, and others, the cause being for the partition of real estate, known as inlot 1485 in Standiford's addition to Lima. The petitioner is entitled by inheritance to the one-eighth part of this real estate and the suit is simply to set up his interest in the matter.

Mrs. Sarah Kennedy-Burry, interested in the real estate by reason of her dower, but who afterward married Fred Burry, came back with an answer, asking that her dower be paid in money and giving her permission that the land so sold, if necessary, to take care of the proper partition of the estate.
